# AN INTRODUCTORY WORD

“

In 2021, the RPR Coalition was strengthened by a number of leading public organizations and continues to invite ambitious partners to its ranks because only together we are strong. The members of the Coalition formed a vision of activity priorities for the Parliament, the Government, and local self-government bodies by different sectors. We have clear guidelines on where and how the country should move forward, and we are ready to join forces with progressive partners in power for the sake of reforms.

**Oksana Velychko,**  
Co-Chair of the  
RPR Coalition Board,  
Head of the "Together  
Against Corruption" NGO

The RPR Coalition, as an informal association of public organizations and experts, emerged after the Revolution of Dignity in March 2014 to develop a consolidated position of civil society regarding reforms the country needed and their proper implementation.

In 2021, we consistently and systematically continued to work on the consolidation of civil society, as well as support and promotion of reforms to build an independent, united, democratic, strong, and reliable Ukrainian state based on the rule of law. It is our tradition to openly report on our work and partners who support us financially.

**Yulia Kyrychenko,**  
Co-Chair of the RPR  
Coalition Board, board  
member of the Centre for  
Policy and Legal Reform

For the RPR Coalition, 2021 summarized the two years of work on developing recommendations for implementing reforms and [their monitoring](#) in preparation for the Ukraine Reform Conference 2021 in Vilnius. It is a powerful advocacy tool of civil society for promoting changes in our state and strengthening the systemic dialogue with the authorities.

In 2021, a number of positive developments took place: the unblocking of judicial reform, the adoption of draft laws on administrative procedure, the all-Ukrainian referendum, anti-tobacco legislation, etc. At the same time, the reforms are incomplete, and all stakeholders — the government, civil society, international partners, media, and entrepreneurs — must unite for their implementation. The democratic development of the state and the implementation of the reform agenda is a matter of further European and Euro-Atlantic integration of Ukraine and an effective response to the Russian aggression.

**Olga Lyman,**  
Executive Director  
of the RPR Coalition

The Transatlantic Task Force for Ukraine (TTFU) was founded in October 2018 by the German Marshall Fund of the United States, together with the RPR Coalition, with the support of a number of Ukrainian civil society organizations. The TTFU's primary focus is to strengthen the interaction between the USA, Europe, and Ukraine through the exchange of opinions of politicians and civil society experts on political, economic, and security issues that affect Ukraine, its democratic development, and interaction with Western partners.

In 2021, five public **online events** were held within the framework of the Transatlantic Task Force. Among the speakers of the events were **Olha Stefanishyna**, Deputy Prime Minister for European and Euro-Atlantic Integration

of Ukraine, and **James Appathurai**, Deputy Assistant Secretary General for Political Affairs and Security Policy and NATO Secretary General's Special Representative for the Caucasus and Central Asia.

**Olha Stefanishyna,**

Deputy Prime Minister for European and Euro-Atlantic Integration of Ukraine

"Civil society and government cooperation is an indispensable condition for effective and sustainable reforms and, therefore, the foundation of success on Ukraine's path to the Euro-Atlantic community. Proposals for reforms developed by the RPR Coalition became an important analytical contribution of the public to the organization of the Ukraine Reform Conference. Another successful story of cooperation is the Transatlantic Task Force, where opinion leaders from Washington and Brussels hear insights about Ukraine's political, economic, and security situation."

# VICTORIES OF THE YEAR

## Draft Law № 3612 on Democracy through an All-Ukrainian Referendum

### Yulia Kyrychenko,

Co-Chair of the RPR Coalition Board, board member of the Centre for Policy and Legal Reform

"On 26 January 2021, the Parliament adopted the Law of Ukraine "On Democracy through the All-Ukrainian Referendum," which finally regulated this institution. A legislative gap appeared in 2018 when the Constitutional Court of Ukraine rightly recognized the Law of Ukraine "On the All-Ukrainian Referendum" of 2012 as unconstitutional. The RPR coalition succeeded in canceling the previous law and developed a new one that complies with the Constitution and the recommendations of the Venice Commission."

## Draft Law № 4358

### on public health protection from the harmful effects of tobacco

### Dmytro Kupyra,

executive director of the "Life" NGO

"In 2021, the Parliament adopted the comprehensive anti-tobacco Law No. 1978-IX (reg. No. 4358). This is a landmark victory for parliamentarians and civil society to protect children and the youth from the promotion of smoking and the harm of electronic smoking devices. Effective legislative changes based on the recognized policies of the WHO FCTC regarding the reduction of smoking of tobacco products and electronic smoking devices save the lives of Ukrainians and bring Ukraine closer to the implementation of the third Sustainable Development Goal. These successes that benefit the health of Ukrainians prove that civil representation is an effective tool for defending people's interests."

## Draft law № 3475 on administrative procedure

### Viktor Tymoshchuk,

Deputy Head of the Board  
of the Centre for Policy and Legal Reform

"The adoption of the Law of Ukraine "On Administrative Procedure" by the Parliament in the second reading and as a whole is a crucial historical step. Despite the subsequent veto by the Head of State and the expected review of the President's proposals, it can be noted that the final adoption of this law brings the Ukrainian system of governance significantly closer to European standards. After all, the conditions for the effective interaction of citizens and business entities with the public administration, fair resolution of their cases, protection against the arbitrariness of the state will be introduced."

# EVENTS OF THE YEAR

In 2021, the RPR Coalition organized **two large-scale events**. One of them took place in preparation for the **Ukraine Reform Conference** — a key international conference on reforms in Ukraine, organized in Vilnius, Republic of Lithuania. The other one brought

together several dozen representatives of **13 coalitions of regional public organizations** that are partners of the RPR Coalition.

**15 public consultations** and **12 public discussions** were also held.

**Valdemaras Sarapinas,**  
Ambassador Extraordinary and  
Plenipotentiary of the Republic  
of Lithuania to Ukraine

"Lithuania and Ukraine are destined to be the best friends and partners. The success story of Ukraine is our strategic interest. Therefore, it is only natural that the Ukraine Reform Conference was held in Vilnius in 2021, which aimed to help mobilize international aid and support for the continuation of reforms in Ukraine. I would like to thank the Reanimation Package of Reforms Coalition for the two years of excellent cooperation in preparing the conference. Thank you for your outstanding work in mobilizing the support and expertise of civil society during a series of online and offline meetings, as well as for the analytical papers prepared by the RPR Coalition."

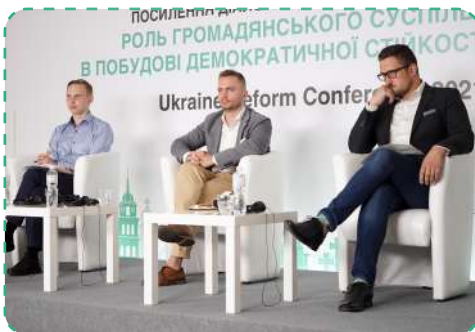

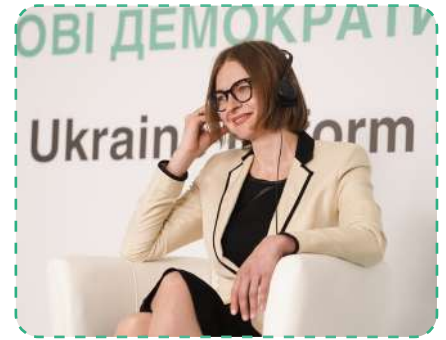

Online discussion "**Strengthening the dialogue on the progress of reforms: the role of civil society in building the democratic stability of Ukraine**" with the participation of **Denys Shmygal**, the Prime Minister of Ukraine, **Ingrida Šimonytė**, the Prime Minister of the Republic of Lithuania, **Ruslan Stefanchuk**, the First Deputy Chairman of the Parliament of Ukraine.

More than **9 600 viewers** watched the discussion.

On the eve of the event, we organized **4 panel discussions** on anti-corruption and judicial reforms, economic development, and decentralization.
